

33rd International Dynamics & Evolution of Human Viruses

Friday, May 22, 2026

Within-Host Dynamics & Adaptation (9:00 AM - 10:20 AM)

-Conveners: Bradley Jones; Ramon Lorenzo-Redondo

time	[id] title	presenter
9:00 AM	[14] Conflicting evolutionary pressures shape a within-host deletion hotspot in SARS-CoV-2 NSP1 linked to innate immune escape	GUTHRIE, Isobel
9:20 AM	[80] A Specialized Virus Microenvironment Sustains Durable HIV/SIV Reservoirs During Therapy	LORENZO-REDONDO, Ramon
9:40 AM	[1] Evolutionary indicators of viral social behavior are significant predictors of progression to SAIDS	MAGALIS, Brittany
10:00 AM	[76] THE ROLE OF PROLONGED INFECTIONS IN THE EMERGENCE OF NOROVIRUS GII.4 VARIANTS	DAMODARAN, Lambodhar
